

Welcome to First Presbyterian Christian Academy and to our community. We hope that your fact-finding mission about our school ends with a strong sense of FPCA's warmth, accomplishment, dedicated faculty, and our commitment to the individualized attention provided to our students in order to actively engage them in their own learning.

We are a nurturing community which promotes academic excellence and spiritual enrichment. Whether you are a first-time visitor seeking information about our admissions process or just looking for what your student is having for lunch tomorrow, the information you seek is only a few clicks away. Whatever the purpose of your visit, I hope this site gives you a sense of our school, its programs and services, and its people.

First Presbyterian Christian Academy is dedicated to providing an outstanding college preparatory experience for students from preschool through 12th grade. We are grounded in conservative Christian values, and we seek to assist our students in developing their unique abilities as leaders of tomorrow. Our approach to learning is student-focused – that is, we understand that each child has unique talents and passions that need nurturing and support. Our teachers are experienced in complete education and fostering every student's professional development.

We believe that the best environment for learning is one that includes children with a variety of experiences and backgrounds. Our students hail from locations all over the nation and several other countries. With the military nature of the community, our school provides a sense of family to all involved in the educational process. In addition to our commitment to academic excellence, FPCA is devoted to the encouragement of our students to recognize the importance of honesty, civility, public service, and respect for others.

This website can offer only a brief glimpse of what FPCA is all about. We encourage you to visit us and experience for yourself what it means to be a part of the FPCA community. We look forward to meeting you personally, and thank you for your interest in our school.
